I'm expanding this to an hour in order to cover all

Ex. 5 AC/DP

Ex. 5 AC/DP Matt has indicated to me that these are top line issues of interest to him given Administrator's interest in 404 assumption. I'd like to get up to speed and decide whether we should discuss these at WLO's hot issues meeting with Matt on the calendar for next Tuesday from 2-3. If we do that we'll want to have briefing papers to share with him that would go beyond the papers that were presented to him on esa/assumable waters the last time.

Heidi – including you because of your work on Idaho, and you and Alexis and we can arrange to attend not the whole hour.
